FOR SHERIFF

Mr. Charles E. Galbreath of Mayslick, in today's Ledger, announces his candidacy for the office of Sheriff of Mason County at the coming November election, subject to the action of Republican voters in August primary. Mr. Galbreath is one of the young progressive farmers of the county, being a member of the well known firm of Galbreath Bros., noted especially for producing the very high grades of tobacco sold each year on the Maysville market.

Mr. Galbreath is a man clean cut in every particular, known and respected in every section of the county—qualified beyond question for the very important office he seeks, and if elected would make an excellent official.

J. C. RAINS

The Ledger today has the announcement of Mr. J. C. Rains, as a candidate for the office of Clerk of the Mason County Court at the November election, subject to the action of the Republican primary in August. Mr. Rains is one of the very best known citizens of the county. His long connection with the old reliable firm of Rains & Co. on West Third street and later as Secretary-Treasurer, of the Growers Warehouse, together with his interest in the work in connection with tobacco organization of the county, have given him a most extensive acquaintance. He is a conservative business man, with a thorough knowledge of office details and if elected Clerk of the County Court would make a splendid official.

Last evening a serious accident was narrowly averted by the quick action and presence of mind of Dr. A. O. Taylor. The doctor was going West on Second street in his automobile and just as he approached Commerce street another machine turned into Second out of Commerce, and Dr. Taylor quickly turned his machine and just missed the other one.

Mrs. J. L. Gault of Walnut street spent Sunday with her parents in Murphysville.

MOTORCYCLE COLLIDES WITH AUTOMOBILE

At Corner of Second and Bridge Streets Saturday Night—Mr. Newt Bradford Suffers Broken Leg and Two Others Receive Minor Injuries.

In a collision between a motorcycle, driven by Mr. Frank Hauke, city mail carrier, and an automobile driven by Mr. Henry Farrow, of the East End, shortly before midnight Saturday, Mr. Newt Bradford, a barber employed at the shop of Mr. Ed Duley on Market street, suffered a very painful fracture of the right leg just above the knee, besides other injuries.

Mr. Hauke was the last customer in Duley's barber shop on Saturday night and he started to take Mr. Duley, the proprietor, and Mr. Bradford to their homes in the East End. They went up Second street and as they neared Bridge street Mr. Hauke slowed his machine down in order to make the curve. He noticed a car coming West over Limestone bridge at a good rate of speed and as it came on to Second street it made a wide turn. Although Mr. Hauke was on the right side of the street he saw that his car would probably be hit so he averted to the left. However, his machine was going too slow and the two machines came together. The motorcycle was badly damaged while the auto was considerably mangled in the front.

Mr. Bradford was thrown out of the machine and was most painfully injured as above stated, while Mr. Duley was scratched about the arms and Mr. Hauke was cut about the hands and face from the broken glass in the windshield of the auto.

Mr. Bradford was removed to his home on Lexington street, where medical attention was given him. He is reported as resting as well as could be expected this morning.

We, the undersigned, promise, God help us, never to use intoxicating liquor as a beverage.

A. G. WATSON

The readers of the Ledger will find in today's issue the announcement of Mr. A. G. Watson of Murphysville, as a candidate for the office of Jailer of Mason county at the November election, subject to the action of the Republican primary on August 4th. Mr. Watson needs no introduction at our hands. He is a young man, well and favorably known throughout the county where he was born and raised—as a business man of recognized ability and popular. We predict, should he be successful in his efforts, Mason county would have a most efficient Jailer for the coming four years.

All Union Barber Shops will close at noon Wednesday, July 4th.

PARKER GRIMES, Secretary.

Miss Julia Stevens yesterday suffered a severe bilious attack at her home on Commerce street.

NARROW ESCAPE

From Death Had By Young Man Who Ran Into Bridge Over Limestone Creek on Saturday Night.

A young man from Mayslick had a very narrow escape from death on Saturday night when he crashed into the bridge over Limestone Creek with a Ford automobile. Had he not hit one of the large pillars supporting the overhead work of the bridge he would have plunged into the creek below.

The young man came up East Third at a high rate of speed and made no attempt to slow down in coming around the short curve under the railroad. The wagon of Mr. Chris Hunsicker, mail carrier from trains to the postoffice, was coming across the bridge and the young man not being in a condition to clearly see what he was doing, hit Mr. Hunsicker's wagon a glancing blow. He then ran into the side of the bridge.

His machine was badly damaged, the front axle being bent and the radiator mashed considerably. He escaped injury however. One of the rear wheels of Mr. Hunsicker's wagon was damaged.

The fact that the young man did not hit one of the "open" spaces between the supports is certainly a lucky one for him. A fall into the creek would have meant serious injury and possibly death.

SCHEDULE INTO EFFECT

The new schedule of the C. & O. railroad went into effect yesterday. Two trains were removed and changes were made in the running time of several others. The change that will affect Maysville the most is the run of trains 16 and 17. The latter will run from Huntington to Maysville, returning from here at 2 o'clock as No. 16. Thus Maysville will not get the Cincinnati papers until 8 o'clock on Whiskey Dick.

THIS CHARTER—THIS PRINCIPLE OF FAIR AND SQUARE DEALING WHICH WAS THE DREAM OF MULTITUDES AND THE HOPE OF HUMANITY, HAS BUILT A NATION, THE GLORIES OF WHICH HAVE TURNED THE ANCIENT TIDE OF CIVILIZATION FROM EAST TO WEST.

SO TODAY, WE AS A NATION, RENEW OUR PLEDGE OF THIS CHARTER OF THE DEMOCRACY.

AND WE, AS A BUSINESS INSTITUTION, RENEW OUR PLEDGE OF FAIR AND SQUARE DEALING TO ALL—TO YOU.

HAD SPECIAL BEAT

On last Friday night Officer Dudley Fizer, policeman from the East End of the city, had a special patrol during the night from Commerce street to Wood in order to guard Hon. W. J. Bryan who was a guest at the home of Mr. and Mrs. J. C. Burwell on East Second street. It was thought advisable that Mr. Fizer be near the house, as some fanatic might try to injure the illustrious visitor to Maysville.

AN IDEAL DAY

Yesterday was an ideal July day. Although the thermometer registered a high mark, a cool breeze was blowing, which made it more bearable.

WILL REBUILD CHURCH

Plans have been made for the rebuilding of the Bethany Church at Springdale which was burned by Robert Crawford at the instigation of Wesley Osborne on December 30, 1916. The contract has already been let and the church will be ready for occupancy by about the first of the year.

Mr. and Mrs. Howard Key returned to this city, after spending a short wedding trip in Cincinnati. For the present they will make their home at the groom's parents, Mr. and Mrs. James B. Key of Walnut street.

Mr. Elmer Beckett spent Sunday in Cincinnati.

MADE BUGLER

Otis McCarthy, son of Mr. and Mrs. Charles McCarthy of East Second street, has been made bugler of Company 46 at the officers reserve camp at Fort Benjamin Harrison. After a training there of several weeks he will probably be transferred to regular service in the infantry branch of Uncle Sam's big army. He writes that he is well pleased with his new life, which, of course, is a long stride to his ultimate success.

Miss Hazel Kerr has returned to her home in Millersburg, after spending several days in the county visiting relatives. She was accompanied home by her sister, Miss Jessie.

THE UNBELIEVABLE

The unbelievable is that which has never been done. That is to say, the average man does not believe that which has never been done can be done. And the unbelief has kept the world back a thousand years.

There were just as shrewd inventors in this country as the Wright brothers—men who knew just as much about science, who could calculate just as closely, who were just as fearless as regards risking their lives. But they didn't invent the flying machine, because they did not believe it could be done—for it had never been done. Edison would never have invented anything if he had been one of those who believe that because a thing which has never been done cannot be done.

There are men in every factory who follow a given course throughout their lives because of the belief that "it can't be done," because it has never been done. Some of the greatest advancements that have been made have been by those who were "so foolish as not to know that it couldn't be done."

Mergenthaler, the inventor of the type-setting machine, was of that type. He had never been in a printing office, and knew nothing about setting type. So he didn't know that a machine couldn't be built that would set type. Those who worked in the office and were familiar with the process of setting type knew it couldn't be done. Inventors who undertook the thing visited printing offices and after watching the men set type, turned away and gave it up because "it couldn't be done." But Mergenthaler, the jeweler, the man who had been used to making wheels for watches, didn't visit a printing office. When told of the great need of a machine for setting type he didn't know it couldn't be done, and he did it. He made a machine that has made the modern newspaper possible.

The truth is, there is nothing which cannot be done; there is nothing impossible. The human mind has never conceived a problem which cannot be worked out—otherwise the mind could not have conceived it. All things are possible—a trite saying to be sure—to the man who doesn't know that it cannot be done.

THE CHURCH AS A BUSINESS

That a church should be run like a business was urged by the Baptist Northern Convention recently. Perhaps after enough church boards of all denominations have discussed this matter frankly, improvement in present church methods may be expected.

People have looked upon churches with the single eye of sentiment too long. They have some vague idea that their pastors will be fed like Elijah, or can pick up manna in their back yards. They forget that everything mortal, whether individual or institution, so long as it exists upon this earth has not only a soul but a body. To keep the soul of the church foremost in the mind is the right attitude. But the body must not be forgotten.

With an individual, if the body is well-nourished and taken care of as a matter of course, the owner's mind and soul are free to roam whatever fields they will. Of the body he is scarcely conscious at all. But the moment the body is neglected, it becomes insistent, and the owner can think of nothing else until its needs are fulfilled.

It's just so with a church. So long as the pastor is paid a decent living salary, and paid it promptly as the manager of a business would be; so long as repairs and upkeep to the edifice are attended to in a prompt and business-like manner, just so long the church is free to exercise its religious and civic functions as the representative of its founder. But the moment the management becomes sleek, stingy, careless, that minute the spiritual power begins to wane, to become subservient to the material needs.

The man who belongs to a club pays his dues regularly and does not begrudge the steward his recompense. The plan should apply to the religious club which is the body of the church.

The man who begins to plan for this town will soon be calling it "my" town.

This life is what we make it, so is this town.

EMPEROR OF AUSTRIA IS "PEACE KAISER," DEPUTY DECLARES AT CONCLUSION OF DEBATE IN LOWER HOUSE

Vienna, June 29.—The lower House of the Austrian Reichsrath yesterday concluded the debate on the subject of peace without taking a vote. This was in conformity with the provisions of the order of the day.

Deputy Hauser, a Christian Socialist, who has just been received in audience by Emperor Charles, declared that the chambers' peace aspirations had the powerful support of the Emperor, who had informed him that he desired peace as soon as possible.

"Our Emperor is a peace Kaiser," said Deputy Hauser.

The German Socialists submitted a proposal that decisions as to war or peace should belong to the Reichsrath's sphere of activities.

The cost of living probably was a good deal lower in those good old times when the winter girl wore yarn mittens and didn't need a fur muff.

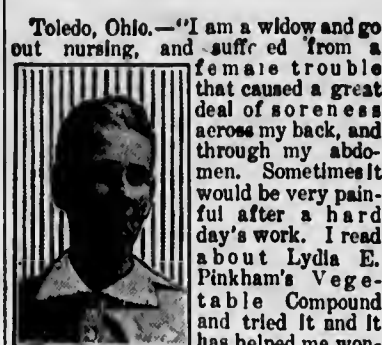

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the Eustachian Tube. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the Eustachian Tube.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 15c.

WE HAD FOR HEALTH

Suffered Much Pain, Yet Had to Work. Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Toledo, Ohio.—"I am a widow and go out nursing, and suffer from a female trouble that caused a great deal of soreness across my back, and through my abdomen. Sometimes it would be very painful after a hard day's work. I read about Lydia E. Pinkham's Vegetable Compound and tried it and it has helped me wonderfully, so the soreness is all gone now. I believe Lydia E. Pinkham's Vegetable Compound is just the remedy for female troubles."—Mrs. ELIZABETH JOHN, R. F. D. No. 4, Toledo, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and is regarded as the most successful remedy for female ills. There are thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., to prove this fact.

DRY MOVEMENT IS CHECKED BY WILSON'S ORDER

Washington, June 29.—Intervention of President Wilson today checked the "bone dry" national prohibition movement in congress. Confinement of prohibition legislation to distilled beverages without interference with manufacture of beer and wines, it generally agreed, will result.

Prohibition leaders were asked by the President, in order to prevent delay in passing the food control bill, to drop their fight against the manufacture of beer, wines and other light intoxicants. With a formal response from the "drys" deferred, senate leaders of all factions quickly reached an understanding to limit absolute prohibition to distilled spirits.

President Wilson exchanged letters with the Rev. Dr. James Cannon, chairman of the National Anti-Saloon League's executive committee and called senate leaders to the White House in his efforts to harmonize differences and smooth the way for final enactment of the food measure.

"Bone dry" legislation was written into the bill before it passed the house and the Senate Agricultural committee amended the provision to prohibit the manufacture of distilled spirits by empowering the President to permit the making of beer and wine.

Must Pass Quickly

In his letter to Dr. Cannon the President said Senator Martin, the Democratic leader, had asked him to express his views on the food-liquor legislation regarding "the wisest and most patriotic policy to be pursued" and added:

"I regard the immediate passage of the bill as of vital consequence to the safety and defense of the nation. Time is of the essence; and yet it has become evident that heated and protracted debate will delay the passage of the bill indefinitely if the provisions affecting the manufacture of beer and wines are retained and insisted upon.

"In these circumstances I have not hesitated to say to members of the

senate who have been kind enough to consult me that it would undoubtedly be in the public interest in this very critical matter if the friends of these provisions should consent to their elimination from the present measure.

"Feeling that your committee is actuated by the same patriotic motives these considerations may seem to you, as they seem to me, to be imperative."

DESPITE TORPEDOES EXPORTS FROM THIS COUNTRY CONTINUE TO SHOW BIG INCREASE

Washington, June 29.—American foodstuffs exports in May reached a value of \$104,000,000, a considerable increase over previous months, as shown today in Department of Commerce statistics.

Shipments were greater by \$5,000,000 than in April and \$20,000,000 in March. During the 11 months ending with May the country shipped abroad \$833,000,000 worth of food, as against \$744,000,000 in the same period the year before.

Grain exports fell off in May, but flour shipments were heavier, as were exports of meats, meat products and vegetable oils. All breadstuffs shipments in May were valued at \$61,000,000, against \$58,500,000; meats were valued at \$41,000,000, against \$37,000,000 in April.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Mayville Citizen's Experience.

Something new is an experiment. Must be proved to be as representative. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, a lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Mayville case: Ben. P. Fleming, constable of Mason Co., 217 E. Lee St., Mayville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Mayville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 50c all stores. Ford THE UNIVERSAL CAR

Price Advance

Competitors have circulated a report that the Ford has advanced \$100.00. This is emphatically untrue and is done merely to help them sell an inferior car for more money. However, I am expecting every day to receive notice to advance the price. All orders are being taken with the privilege of cancellation if price advances. The company has notified me to mail all orders the same day they are placed. It is my opinion that all orders will be filled at present prices if orders are placed at once, but you should not delay the matter a single day. Place your order today and play "safety first"

FIG LEAF BATHING SUIT AND WOMAN LIFE SAVER, ARE CHICAGO'S WAR NOVELTIES

Chicago, June 29—More male swimmers will be saved from watery graves in Lake Michigan this summer than ever before in the history of that aquatic expanse. In fact, drowning, or make-believe drowning, may become as popular it may be necessary to keep a record of habitual drowners and har them from the beaches.

The reason will be the presence of a number of shapely, lissome and lithe girl life-savers.

All Guards May Be Women
With the opening of the bathing season at Chicago beaches today, the woman life-guard made here first appearance. She is Miss Fay Bell, who applied for the position at Wilson beach.

Before the summer is over, women may supplant the masculine guards at all beaches. These bronzed and brawny amphibians are the type of men Uncle Sam needs for submarine chasing and so many have volunteered there is already a shortage of guards.

Along with the girl life-saver appeared the 1917 bathing suits.

"Hang your clothes on a hickory limb" may have been a proper admonition for fair bathers once, but it doesn't apply to the disciples of Annette Kellerman who graced the beaches today.

Her Smile Wins Policeman
In the first place, there aren't many clothes to hang. Limbs there are plenty, though not of the hickory variety; but as for the costumes, they are higher, lower, narrower, more negligible and negligible than ever before.

"They're wearing less every year and getting away with it," said a veteran policeman at a north shore beach. "A hippy little dame splashed in a while ago with a pair of trunk pants turned under the original fig leaf."

six inches," I says, 'or I'll have to send you home. You're a big girl now and ought to know better.'

"They were longer, mister," she coos, 'but this the first time I wore them, an' they must have shrunk.'

"An' then she smiles an' what can a guy do? Let 'em wear 'em I say. It's gonna be a hard summer, anyway."

TO INFORM PUBLIC ON WAR QUESTIONS

Washington, June 29—Creation of a semi-official speakers' bureau, through which it is hoped eventually to address 1,000,000 American people each night on issues of the war, was announced here tonight by Donald M. Byerson, and William McCormick Blair, of Chicago, through the public information committee.

Through four minutes speeches to be delivered each night in practically every moving picture theater in the United States by a corps of 15,000 volunteer speakers, the organizers of the plan hope to make the "four-minute men" a tremendous force in acquainting people with the facts and necessities of war.

The four-minute men were organized originally to aid in the flotation of the liberty loan. Their scope now has been widened and extended with a view to using them throughout the war. In each community a public spirited citizen is appointed chairman of the "four-minute men." He obtains volunteer speakers who are willing to devote a bit of their time several nights each week toward acquainting the people with the progress of the war. The subjects are to be assigned from Washington. Organizations have been formed in 21 states and it is intended to extend them to all 48 states during the month of July.

A most necessary thing is the moral courage to believe that we think we believe.

SUFFRAGISTS WILL KEEP UP CAMPAIGN

Washington, June 28—Women suffragists plan to continue demonstration before the White House or places President Wilson may visit, despite the arrest of 25 women and the jailing of six in the last week. Miss Alice Paul, head of the Woman's Party, announced today the campaign would be continued and that hundreds of women had volunteered to help.

The police hold to their determination to arrest women attempting to display banners bearing printed appeals to the President. Emphasizing their attitude, they arrested two more suffragists today, Iris Calderhead, of Wichita, Kansas, and Elizabeth Stuyvesant, of New York, who were trying to enter a hall where President Wilson was speaking to display suffrage banners.

The six women who went to jail yesterday will be entertained on their release tomorrow with a breakfast in a garden of the Woman's Party headquarters.

TRAFFIC WILL PASS OVER C. & O. 800N

Trains will be operated over the Chesapeake & Ohio Northern, the new subsidiary of the Chesapeake & Ohio, before the end of July, engineers in charge of the work assert.

The steel work on the new bridge which spans the Ohio river near Scottdale was completed Thursday afternoon. Early next week work will be started on placing the steel approaches on the Ohio side. This will require but a few days.

Work on the road bed was completed Thursday. The two sections, one extending from Scottdale Northward and the other from Glen Jean southward, were connected Thursday morning. This completed the work on the road bed with the exception of a small amount of ditch work.

When the steel approaches on the Ohio side of the river are completed, the new branch will be ready for traffic.

BELGIANS INVITED

Chicago, June 29—The mystery of the invitation to the Belgian commission to visit Chicago was cleared up this afternoon when a telegram was read at the meeting of the city council from Senator J. Hamilton Lewis, stating that he had extended the invitation without waiting to hear from the mayor or council.

The city council later approved an invitation to the Belgian commission to visit Chicago. The mayor was named as a member of the executive committee of the reception committee.

SOME KENTUCKY STORIES OUT OF THE ORDINARY

Never Owed a Store
Elijah L. Reeve, one of our good farmer friends, of Benton 2, was in town Monday and paid up for a year. Mr. Reeve is 70 years old and never owed a store account in all of his lifetime.—Benton Tribune-Democrat.

Battle With Granddog
Last Thursday evening Mrs. William Coghill discovered a large ground hog near her henhouse. Upon her appearance he ran into the henhouse and she followed him, closing the door to prevent his escape. The animal immediately showed fight and gave Mrs. Coghill an exciting battle for a few minutes until he was finally killed by a well-directed blow from the plucky woman. He was of the largest size and put up a game fight before being subdued.—Wilmore Enterprise.

Freak of Nature
The center of attraction on Fountain Park Square all day Saturday was Nat Curd and his freak calf, which he was exhibiting for the small sum of 10 cents. All the proceeds were for the flag staff fund.

Mr. Curd's calf is certainly a freak of nature. The animal has six legs and a tail resembling that of a squirrel. It is a Jersey calf, is in good health and will soon be one year old. If you didn't see this animal you missed a treat.—Bowling Green News-Messenger.

Peculiar Looking Rocks

Crim Smith, of the Duncan section, sent to this office by John Pepples, candidate for assessor, some beautiful specimens of rocks found on his farm. Some are said to contain gold ore, others silver, and there are others that are said to abound only where there is oil. If gold, silver and oil can be found on Mr. Smith's place old man Rockefeller will soon sink into insignificance as the country's richest man. Mr. Smith will be "It."—Stanford Interior Journal.

Over a Century Old

Lee Warden, of Centertown, was in to see the editor one day last week and showed us a silver dollar that was coined in the year 1799. The face of the coin has side view of a woman with flowing hair and the word "Liberty" and the date of coinage. On the back is the spreadeagle with a bunch of arrows in claws of one foot and a sprig bearing leaves in the other. The coin is minus the rough edges of the present day dollar, but instead has stars and other "ginger-

bread" work, and bears the wording "One Dollar, or Unit. One hundred Cents." The coin is in fine mint condition and is not worn to hurt it, everything on it being plainly visible.—Hartford Herald.

BREAD PRICES ADVANCING

Quebec, June 29—The price of bread, beginning Monday, will be seven cents a pound, an increase of one cent. This is the second increase in a month.

BAKER REPUDIATES COAL PRICE FIXING

Secretary Baker, as president of the Council of National Defense, repudiated an agreement fixing a tentative price of \$3 a ton for bituminous coal reached at a conference here Thursday between coal producers, Secretary Lane, a member of the defense council; members of the council's coal production committee and the federal trade commission. Neither the council nor its committees, Secretary Baker said in a letter to W. S. Gifford, of the council, has power to fix prices. He added that the price of \$3 at the mines suggested for bituminous coal is "exorbitant, unjust and oppressive."
